PURELY A FABRICATION. NASHVILLE IS THROGGED

No Value Attached to Affidavit of Mrs. Clark

Thousands Are Celebrating the Homecoming Week.

BY BROTHER OF DECEASED FOLK IS GREAT FAVORITE.

Justus Goebel Says the Deposition Is at Variance With the Facts and, He Asserts Innocent Men Are Accused to Shield the Guilty.

Governor of Missouri Delivers Couple of Notable Addresses, In Which He Eulogizes His Native State and Tells of Her Prowess.

Phoenix, Ariz., Sept. 25.—Justus Goebel, brother of the late Governor Goebel of Kentucky, a resident of this city, commenting on the affidavit made by a woman at Richmond, Ind., which alleges that Governor Goebel was killed by Turner Igo of Farmers Ky., at the instigation of a son of John Sanford, says the story is a pure fabrication. He states the purported facts as set forth in the affidavit of Mrs. Clark are so far at variance with proven facts that they cannot be considered. Mr. Goebel denies that the prosecution of any person is for political reasons. He says the only persons interested in the prosecution are a brother at Cincinnati and himself, and such friends as may aid them in avenging the cowardly assassination of his departed brother. Mr. Goebel also states there is a seeming desire on the part of certain individuals to convict an innocent man and thus shield the real murderer, and that for this reason they have allowed every reported clue, each of which, if not utterly discredited, has been finally traced back to Powers and Taylor.

Nashville, Sept. 25.—Governor Joseph W. Folk of Missouri, a native of this state, was the guest of honor Tuesday at Nashville, where thousands of homecomers are assembled from every part of the United States for a week of reunion and celebration. At the fair grounds in the afternoon Governor Patterson delivered before 20,000 persons a welcome back to the old home state. Amid great enthusiasm Governor Folk, on behalf of the native visitors responded. In his address the Missouri executive extolled the

GOVERNOR JOSEPH W. FOLK OF MISSOURI

land of his birth, and spoke in eloquent terms of the great factor Tennessee had been in making the foremost nation on earth. At night a banquet was tendered Governor Folk and other distinguished native Tennesseans at the Duncan hotel. During the festivities the governor discussed the issues of the day. The banquet was held under the auspices of the Commercial club. All day Tuesday trains were crowded with people, principally from the southwest, who had come to once more visit the scenes of their childhood. There never was such enthusiasm in this city.

CHEMICAL DEVELOPMENT

Remarkable Experiments Have Been Effected by a Frenchman.

Paris, Sept. 25.—Remarkable experiments in chemical development of life have been recently effected by Professor Delage Sorbonne. In his laboratory at Roseoff in Brittany Professor Delage placed unfertilized eggs of sea urchin and star fish in sea water, adding a solution of sugar, with a few drops of ammonia and tannin. In about an hour segmentation which is the first sign of life, appeared and the eggs produced larvae. The great majority of these larvae soon died, but Professor Delage, by constant and minute care, brought four urchins, and the two brought four urchins and two star fish through the larvae stage, and they are now healthy growing specimens. Professor Delage's experiments go beyond those made by Professor Loeb of the University of California, at Berkeley.

DEMURRER ARGUED.

Contention Is That Hepburn Law Repealed the Elkins Act.

Jackson, Tenn., Sept. 25.—The demurrer to the indictment against the Standard Oil Company of Indiana, charging violation of the Elkins law, was argued here before Judge McCall of the United States district court for the Western district of Tennessee. The demurrer contends that as the Elkins law was repealed by the Hepburn law of 1906 no indictment could be sustained for offenses alleged to have been committed prior to that time. Judge McCall took the matter under advisement.

MISS JEANES NO MOORE.

Quakeress Noted For Her Charity Has Departed This Life.

Philadelphia, Sept. 25.—Anna T. Jeanes, the philanthropic Quakeress, who gave \$1,000,000 last April for the education of negroes in the south, died at the Friends boarding home in this city, aged eighty-five years. Miss Jeanes recently gave \$1,000,000 for "a fund for rudimentary schools for negroes," creating Booker T. Washington and President Freisell of Hampton Institute trustees. Miss Jeanes leaves an estate estimated at \$5,000,000.

ORIENTAL EXCLUSION.

Monster Petition Presented to Dominion Premier Requesting This.

Ottawa, Sept. 25.—Monster petition signed by hundreds of British Columbia blues, is on its way to the premier, Sir Wilfrid Laurier. It prays that regardless of foreign countries and all sentimental and political considerations the government immediately pass such legislation as may be requisite to insure the absolute exclusion of orientals from the dominion of Canada. So far the Japanese government has made no claim on the Dominion government for damages on account of the Vancouver troubles.

Receiver Appointed.

New York, Sept. 25.—Receivers were appointed for the New York City Railroad company on a joint application of creditors and officials of the company. The application was made to Judge Lacombe in the United States circuit court, and he named Adrian Joline and Douglas Robinson.

Wins Big Prize.

Gravesend, N. Y., Sept. 25.—Frank Gill, an added starter, and quoted at 10 to 1 in the betting, easily won the \$11,000 Hindoo stakes.

Jumps Overboard From Steamer.

New York, Sept. 25.—En route from Liverpool John H. Rogers, a wealthy Englishman, jumped overboard from the Minneapolis.

Alexander Webster of Aberdeen, Scotland, were features of Wednesday.

STABS SPOUSE.

Despondent Man Then Leaps From a Fourth Story Window to Death.

New York, Sept. 25.—Despondent as the result of ill health and reverses Harry Chernock, a garment cutter aged thirty years, attempted to kill his wife by stabbing her with a pair of tailor's shears and then jumped from a fourth story window, receiving injuries from which he died in a hospital a few hours later. For six months Chernock has been so ill he was unable to work. To support their five-year-old son and her husband Mrs. Chernock went to work in a sweat shop for small wages and Chernock saw his wife pale and haggard from her toil. It preyed on his mind, the tragedy resulting. Mrs. Chernock will probably recover.

BRYAN, TEXAS, SEPT 25, 1907

A few flakes of snow fell in Chicago Monday.

"Waltz Me Around Again, Willie," will be Miss Democracy's popular song again next year.

How many peanut threshers will be required to prepare the product of Brazos county farms for market next year?

Almost \$75,000 in prizes will be awarded at the National Corn Exposition which opens in Chicago October 5 and continues two weeks.

Is it merely a coincidence that Mose Harris' new paper, The Texas Republic, and the Texas Liquor Dealer's Association were born at the same time and in the same place?

It is said that in some Oklahoma counties every candidate for a county office had to prove that he was born in Texas before he could be elected.

The Victoria Fact boasts: "It is often said that Victoria is the Philadelphia of Texas." Philadelphia is a sleepy old town, noted chiefly for graft.

It is proposed to place the names of Governor Johnson of Minnesota and Governor Smith of Georgia on the democratic national ticket next year in the hope of all the Johnsons and Smiths in its support.

When that inter-coastal canal is opened and the Brazos river made navigable, Bryan having extended its growth to the banks of that noble stream, will be a seaport.

The name of Fritzville in popular usage has supplanted that of Fredericksburg for the county seat of Gillespie county. There is so much merit in the change that it ought to be made official.

Foot ball was a crime in England during the reign of Henry VIII. Possibly because he was unwilling that the heads of his decapitated wives should be kicked about by shocked-headed youngsters of athletic mold.

Mrs. O. T. Holt of Houston went to the plantation of her brother, Mr. O. A. Seward, near Clay Station, and picked a hundred pounds of cotton last Tuesday. She did this to secure a donation of \$100 to Faith Home, a charitable institution in which she is interested.

Bryan's Commoner says: "The only complaint the trusts have against Texas is that Texas actually has the effrontery to enforce her anti-trust laws." The anti-trust laws of New York, Pennsylvania and several other states are more stringent than those of Texas.

In order to become a member of the newly organized liquor dealer's association the applicant must take an oath that he will obey every provision of the Baskin-McGregor law, including Sunday closing, no music and no screens. The oath also pledges each member to prefer charges against every saloon keeper whom he knows to be guilty of violating the law. It is to be hoped that every saloon keeper in Texas will join the association, for it has a strong membership and if all act in good faith the organization will be a powerful force in preserving law and order.

Several years ago Mose Harris told one of the editors of the Eagle that he had quit being a newspaper man and become a gentleman. Yesterday the Eagle received the initial number of The Texas Republic, a weekly newspaper published in San Antonio, on whose masthead is inscribed the name of Mose C. Harris as editor. Consistency never was a conspicuous virtue in the character of Mose Harris, nevertheless this erratic of Texas journalism never fails to make a readable newspaper.

At a business session of the Missouri annual conference of the Methodist church, held at Moberly, September 4, a resolution was adopted, declaring that "hereafter no quarterly conference recommend to the conference any candidate for the ministry who uses tobacco." Soon the edict will be extended to embrace lay membership.

It makes all the difference in the world whose ox is gored. Now that the paper trust has put up the price of its products fifty per cent the high tariff newspapers that have helped to build up this and all other trusts, are the most vociferous in demanding a repeal of the duty on wood pulp and other materials which enter into the manufacture of paper.

If it be true, as the Palestine Herald asserts, that Anderson county grows the finest wrapper tobacco of any county in the United States, the farmers of that county are sleeping on their rights. By the way, Anderson is not far from Brazos and the climate and soil are much alike.

JOHN DEFEE WAS ACQUITTED.

Verdict of Not Guilty Rendered Following Request of District Attorney—
H. H. South Case Continued

The case of John Defee, charged with the murder of his brother, Tom Defee, at the family home near Midway, Madison county, in 1905, came to a sudden termination yesterday afternoon. After all the evidence for the state was in, the defense offered no evidence, and District Attorney J. M. Ralston requested the jury to render a verdict of not guilty, which was done and the defendant was discharged from custody.

The case of H. H. South, charged with murder in the second degree, was continued by the state. This concluded the work on the criminal docket for the week, and the regular jury for the week was dismissed, those who had been sworn being as follows:

J. B. Mike, Sam Levy, H. T. Lewis, T. M. Turner, R. A.

Stuart, T. C. Elliott, J. L. Edge, W. R. Parker, T. E. Taylor, E. H. Edge, W. J. Meads, H. T. Wheelers, J. R. Eden, Geo. P. Edge, W. B. Eidson, Phillip Endler, W. B. English, Albert Schultz, F. W. Locke, Sam Luther, J. T. Newcomb, S. L. Eaves, A. Moore, John Fickey, J. D. George, J. L. Wheelers.

Alva, Okla., Sept. 25.—Mrs. John Wallace, wife of a Woods county farmer, was burned to death, her skirts igniting from the kitchen stove while she was doing the family laundry. In the same vicinity two small children of O. W. Davis burned to death in the stable, which they set on fire while playing. Three other children escaped.

Merely a Misdemeanor.

Boise, Ida., Sept. 25.—The jury to try United States Senator Borah was completed Tuesday afternoon. The government counsel announced that they contended Senator Borah's alleged offense is only a misdemeanor.

COFFEE EXPLODES.

Girl Who Was Boiling the Fluid Sustains Scalding.

Ennis, Tex., Sept. 25.—Tabitha Johnson, fifteen years old, daughter of George R. Johnson, near Leland, was seriously scalded about the face by the explosion of a ten-gallon can in which she was boiling coffee for cotton pickers. The boiling liquid was thrown all over her and her face is badly swollen and injured.

Four Drowned.

Gallapolis, O., Sept. 25.—By the explosion of a gasoline tank on the yacht 'Blanche M. four men were blown into the Ohio river and drowned.

NEGRO ALLEGES INSULT.

Mistook Auditor For Train Newsboy and Roundly Roasted.

Austin, Sept. 25.—N. J. Johnson, a negro, sued the Missouri, Kansas and Texas Railway of Texas for \$1,500 damages because of injured feelings caused by the train auditor "cussin" him, he alleges, with hard and profane names. The negro mistook the train auditor for the train newsboy and tried to buy some candy and a newspaper. This incensed the auditor, the petition says, and he called the negro many bad names, several of which are mentioned in the petition as causing him great humiliation.

Governor to Meet Root.

Austin, Sept. 25.—Secretary of State Root wired Governor Campbell expressing thanks for the invitation to visit Texas, and informing the governor that he would spend Sept. 28 in San Antonio, the guest of the International club. The governor will be there.

CHOPPED TO DEATH.

Young Man Meets Awful Fate at the Hands of Infuriated Negro.

Lake Charles, La., Sept. 25.—James Chaney, a young white man employed by N. Thigpen, a logman on English bayou, just east of town, was chopped to death by an infuriated negro. The murderer made his escape.

The only witness to the murder was another negro. The three were together in the woods. The two negroes were chopping logs under Chaney's direction. Some dispute arose and the negro suddenly swung his ax and aimed a blow at Chaney's head. The ax just missed his head and crashed through the left shoulder down almost to the waist. The murderer fled, leaving the ax in the victim's body, and the other negro ran and notified Chaney's brother, who was a short distance away, hauling logs.

The murdered man's parents live near Oakdale, where the body was taken for interment.

A negro was arrested near English bayou and jailed.

DRESSES LIKE A BOY.

Driving In Double-Seated Rig, Young Woman Creates a Sensation.

Fort Worth, Sept. 25.—The police found a young woman dressed in boy's clothing driving a double-seated rig and accompanied only by a dog in the river bottom and conducted her to a home, where she was given a female garb.

The girl had evidently traveled far in her vehicle, but declined to give her name or to tell from whence she came. Considerable mystery surrounds the case.

EUGENE EDGE'S MILLINERY OPENING.

Superb Display Attracted Crowds of Ladies Yesterday.

The ladies were attracted in large numbers yesterday to the millinery parlors of Eugene Edge by the announcement of his fall millinery opening. The display was most elaborate and attractive, including over two hundred hand made hats and embracing all the most advanced ideas and creations. The artistic effect was increased by shaded windows, handsome floor coverings, pot plants and vased cut flowers.

Green, leather brown, purple and navy blue are the leading shades this season. The clochet shape is very popular, with the drooping brim which characterizes the season, and is embellished with fancy feathers and ribbons in profusion. The umbrella shape will be much worn, the larger the better, and heavily plumed. Another favorite is the garden hat, brilliantly adorned with foliage. Sailors are good in back, Burgundy, brown and Copenhagen blue. Quite a number of stylish hats are made with the brim turned smartly up from the face. The season's offerings have a liberal range and leave no room for one to miss satisfaction. The sales were the largest in the history of the store.

The department is in charge of Miss Contois assisted by Miss Ruby Smith and Miss Trannie Wren. The opening continues today.

A. AND M. OVERFLOWING.

Six Hundred on the Grounds and Extra Tents Have Been Ordered.

The A. and M. College is overflowing with students. Some six hundred are on the grounds, and this is considerably more than it will be possible to accommodate comfortably. President Harrington has ordered twenty-four extra tents, and has converted one of the old buildings on the grounds into barracks; but even with this increased space some of those at the College must be turned away, and it is entirely useless for any others to come or to make application.

AMUSEMENTS.

"Sis in New York" at the opera house last night proved to be an ordinary comedy indifferently presented for most, with the leading part a sort of Sis Hopkins stunt very cleverly done. The third act act brightened up with a fair article of farce comedy and a vaudeville act that set the house roaring. The Dandy Dixie Minstrels will be here Friday night and promise to give a pleasing performance.

The Franklin Stock Company opens Monday night for a week's stand at popular prices, with plenty of good specialties.

MAY INVESTIGATE.

Commissioner Colquitt Answers
Newspaper Man.

Austin, Sept. 25.—Railroad Commis-
sioner Colquitt has addressed a letter to
George B. Latham, a newspaper
man of Dallas, in which Mr. Colquitt
contends that the grand jury has a
right to investigate any violations of
the anti-free pass law notwithstanding
any ruling heretofore made by the
attorney general or railroad commis-
sion. He further holds that the com-
mission rules that contracts made be-
tween newspapers and railroads for
transportation before the law went
into effect are valid, but contracts
made subsequently are prohibited by
law.

Commissioner of Agriculture Milner
has issued a statement in which he
urges farmers of Texas to stand to-
gether and hold their cotton for prices
fixed upon by the farmer's organiza-
tions, and that they will win out in
war that is being waged by buyers to
bring prices of cotton down.

It is understood here that the de-
fense to Western Union Telegraph
company will put up to controvert the
ouster filed is that it has authority
from congress to construct and oper-
ate telegraph lines in the various
states of the Union, and this is con-
strued to give them immunity from the
interference by states. It is said that
the government has the right to take
charge of the property of this com-
pany in cases of emergency, and this
will be the chief defense against the
right of Texas to oust it.

The attorney general holds that the
"rider" on general appropriation bill,
commonly known as the anti-nepotism
provision, applies only to the state de-
partments and exempts universities,
normals, schools, and all eleemosy-
nary institutions. This was in answer
to an inquiry from President Houston
of the University of Texas. This re-
verses the ruling heretofore made by
Comptroller Stephens, which was to
effect that anti-nepotism provision ap-
plies to heads of all universities, nor-
mals, etc.

As result of recent investigations
made by Assistant Attorney General
Hawkins and Land Commissioner Ter-
rell, the attorney general has filed
two suits in the district court here on
behalf of the state against Lawrence
Houley of Brewster county. In the
first he is charged with timber depreda-
tions by removing 15,000 cedar posts
from state school lands to the value
of \$1,875, and in the second the state
seeks to recover eight sections of
school land on Calamity creek in
Brewster county, which has been filed
upon by defendant for a home. The
sale had been cancelled by the land
commissioner or grounds that he did
not on good faith buy the land for a
home, and did not live on or improve
said lands, and that he lives five miles
distant.

AUTOMOBILE BUGGY.

Driver Steers With Homemade Gear
and Horse Follows Behind.

Marshall, Tex., Sept. 25.—Removing
the shafts of his buggy and fastening
them to the rear axles, Walter Hunt,
a prominent young society man of this
city, created a local sensation when
he appeared in the vehicle with his
fast mare hitched behind, facing the
front of the buggy, while the driver
steered with a homemade gear, and
incidentally, sounded continual honks
from an automobile horn. The horse
appeared to enjoy the proceedings
greatly and a rattling good speed was
maintained.

MEXICAN ARRESTED.

Affidavit Charges John Carrillo With
Murder of Earl Mabry.

Dallas, Sept. 25.—Deputy Sheriff
Trigg made affidavit against John
Carrillo, a Mexican, charging him with
the murder of Earl Mabry, the young
man who was so frightfully stabbed
and otherwise mutilated, and whose
body was found Sunday across the
Trinity river. Carrillo's shirt had
blood on it, it is alleged, and he was
minus a hat when taken into custody.
The prisoner was placed in jail.

Madre Island, about eight miles above
Point Isabel. The capital stock of
the concern is \$110,000, and it has

tered over a dozen states of the Union.

ALTON ABSOLVED.

There Is to Be No Prosecution
of That Railroad.

Chicago, Sept. 25.—It was decided
by Judge Landis in the United States
district court that the Chicago and
Alton railroad shall not be further
prosecuted for its connection with the
Standard Oil company in the granting
of rebates between Whiting, Ind., In-
dianapolis and St. Louis.

It was claimed by Attorney General
Boneparte, whose letter was read to
the court by District Attorney Sims,
that Mr. Morrison, the predecessor of
Sims, had promised immunity to the
Alton road provided it assisted in good
faith in the prosecution of the Stand-
ard Oil rebates taken. The attor-
ney general claimed that it was the
duty of the government to stop further
steps toward the punishment of the
railroad for its part in the granting
of the rebates be taken. The attor-
ney general asked that the grand jury
which had been summoned at the in-
stance of Judge Landis to investigate
the Alton railroad be discharged.

Judge Landis, in a statement, which
he delivered, declined to discharge the
jury, but instructed its members that
they had no further duty to perform
in connection with the Chicago and
Alton railroad. The court then called
attention to a statement, recently is-
sued by President Moffett of the
Standard Oil company of Indiana, in
which it was claimed that if the Stand-
ard Oil Company of Indiana, in
ing rebates no other manufacturer was
innocent. The court directed the jury
to investigate the conduct of other
manufacturers, and ordered that a sub-
poena be issued for President Moffett.

ROOT'S ENTERTAINMENT.

ficial notification to the effect that
Secretary Root arrives here Monday
next on a friendly visit to Mexico, all
arrangements for the entertainment of
the distinguished visitor are being
completed. Monday Mr. Root will be
received in the evening by President
Diaz. He will also attend a banquet
in the national palace, Mexico's chief
executive presiding. On Tuesday the
secretary will be the guest of honor at
a dinner given at Chautauque by one
of the cabinet ministers. On Wed-
nesday the American statesman will
attend a banquet tendered him at the
municipal palace of the city council
and Governor Escanón. On Friday
he will be entertained by the Ameri-
can colony. On that evening Amba-
sador and Mrs. Thompson will enter-
tain.

Mrs. Thompson will hold a recep-
tion for distinguished Mexican ladies
to meet Mrs. Root and Miss Root.

SENT TO DALLAS.

Mrs. Johnson and Miss Mattie
Brown Testify at Montgomery.

Montgomery, Sept. 25.—In a hearing
before the criminal court on habeas
corpus proceedings two women wit-
nesses testified that they were taken
away from the city by Attorney George
Shreve and his brother, Jesse Shreve,
who provided the money to go to
Dallas, Tex. They say they were taken
to Chehaw, near by, in an automo-
bile, and there boarded a train for
Atlanta, and later went to Dallas,
the tickets being bought by Jesse
Shreve. As a result of the testimony
Judge W. H. Thomas issued an order
to the Shreves to show cause why they
should not be adjudged in contempt
of court.

Dr. Frank Caffey, a negro doctor,
is accused of murder as a result of
criminal practice. Mrs. M. Johnson
and Miss Mattie Brown were held as
witnesses. They left and went to Dal-
las, Tex., and were returned after
great difficulty. The evidence indi-
cates that they were gotten away by
the two men named, and the court
held them in bonds of \$4,500.

EX-CASHIER MISSING.

It Is Alleged That His Friends Made
Good the Amount.

Baton Rouge, Sept. 25.—Oscar Kon-
dert, formerly cashier of the First Na-
tional bank here, is missing, while the
United States officers are searching
for him with a warrant charging him
with a defalcation of \$74,000. It is al-
leged that the shortage was discovered
over a month ago, but that Kondert
and his friends made good the greater
part of the loss. The bank officials,
it is said, declared themselves satis-
fied, but the Federal officials decided
to prosecute the case.

A warrant was issued for the arrest
of Hillary Schroeder, bookkeeper, on
the same charge as was made against
Kondert.
